- If powers cut on "World 1", hide fastest possible you can, if you can't run from entities. Those mental-hazards look like other entities from other backrooms levels but more corrupted and glitched. That mental-hazards 98% are harmful. On power cut only "GODSHELP" arcade machine gonna work, other all devices gonna disabled, power cut duration is 2 hour. if you to be caught one of them, you'll be pass out for a while or die, after a while you will be awake, and you will see Dark-corrupted parts on your body, if you want be cured you need lot of Almond Water, rest and healthy food or you can cure easily this with level 1 penicillins or antibiotics. If you cant cure yourself this disease will grow and eat your inside to out, after you die and your body gonna be food for other entities. most bad thing is seeing a single balloon on power cut, if you see a single balloon, RUN AWAY!

- Event chance is : 5%
